## Education

---

### J.C. Bose University of Science and Technology, YMCA Faridabad

B.Tech in Computer Engineering (with Specialization in Data Science) (CGPA of **8.3**)

December 2021 - June 2025

Haryana, India

### Vidya Mandir Public School

CBSE CLASS 12th (PCM) (Percentage of **94.2**)

May 2018 - June 2020

Haryana, India

## Experience

---

### Scholars Academy / Full Stack Developer

Dec 2023 - Mar 2024

- Implemented a secure **OTP-based login system** using email, enhancing user authentication and reducing login issues by 20%.
- Revamped the landing page** with a user-friendly image carousel, resulting in a **15% increase** in user engagement and improved overall user experience.
- Integrated Google Maps API**, enhancing location accessibility and contributing to a **10% improvement** in user interaction with location-based features.
- Developed a PDF generator**, streamlining document creation processes and **reducing manual effort by 30%**.

## Technical Skills

---

- Frontend:** CSS, JavaScript, React.js, Bootstrap, Ant Design, Tailwind, Sass, Redux
- Backend:** Node.js, Express.js, MongoDB, MySQL, Firebase
- Languages:** C, C++, JAVA
- Tools and Technologies:** VS Code, Git, GitHub, Postman, OpenAI, Firebase
- Core Subjects:** Data Structures and Algorithms, Database Management Systems, OOPs, Operating Systems, Computer Networks

## Projects

---

### TechBazaar / React.js, Express.js, Node.js, MongoDB, Cloudinary, Stripe, Redux, Bootstrap, AntDesign / [Frontend](#) / [Backend](#)

- MERN** stack e-commerce application for **electronic gadgets** with key features, including **advanced user authentication** through **Firestore**, seamless product management with categories and subcategories, intricate search and filtering options, responsive cart functionality, secure checkout with **Stripe**
- Introduced unique elements like a **dynamic star rating system**, cash on delivery support, and personalized dashboards for users and administrators. Delivered a comprehensive web solution encompassing user-friendly interfaces, **effective order management**, and diverse payment options.

### ChatMentor / React.js, Express.js, Node.js, MongoDB, NodeMailer, OpenAI / [Live](#) | [Frontend](#) | [Backend](#)

- ChatMentor offers a **versatile suite of tools**, including a Text Generator for effortless custom content creation, a Paragraph Summarizer for quick understanding of lengthy documents, a JS Code Generator for streamlined development, an **AI Chatbot** for interactive conversations, and a **Sci-Fi Image Generator** for creative visual content.
- Additional features include a secure **password reset functionality via email**. With a user-friendly interface, conveying message regarding any error or message through react-toastify

## Achievements

---

- Techminds Hackathon, IITM College: Led a team to a top 5 finish out of 55 teams.
- Highest rating of **1768** at **LeetCode**, ranked among the **top 8.81%** users globally.
- Secured a **single digit rank** among 300+ participants in Manthan coding contest organized by J.C. BOSE UNIVERSITY.
